

Download instructions for BP Sites into your Sat Nav Device

These sites are regularly updated, so please download again in a few months.

1. Download the compressed "Point of Interest" file (POI) by choosing your navigation system. (E.g. TomTom)

BPfuels

Contact us | UK Fuels | BP Global

Search: **Go**

[BP Petrol Stations](#) | [Fuel Cards](#) | [Dealers](#) | [Wholesale](#) | [On the road](#) | [News & Info](#)

You are here: [UK Fuels](#) ▶ [On the road](#) ▶ [Sat Nav downloads](#)

Related downloads

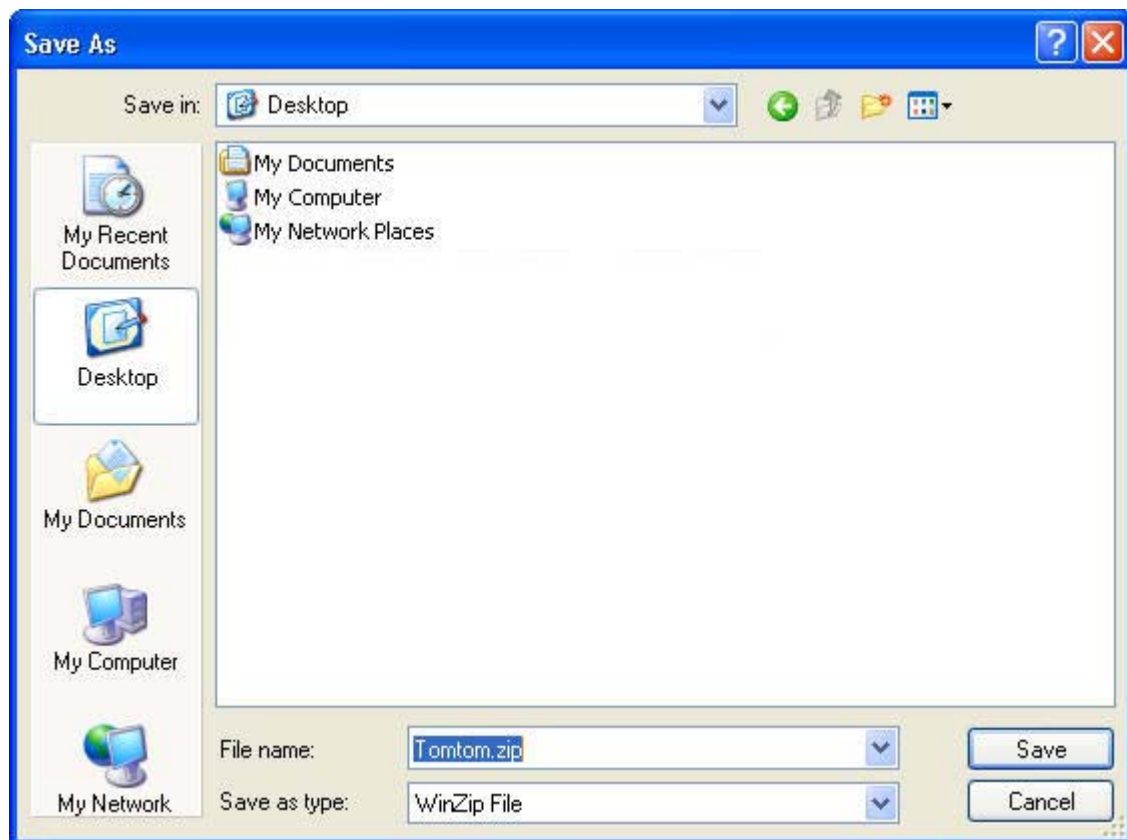

Download instructions and first steps how to upload BP sites on to your sat nav device.

▶ [POI download instructions: \(pdf, 422KB\)](#)

2. Click on "Save" in the appearing window.

3. Select preferred saving location on your hard drive in this case "Desktop".

4. Extracted compressed files on to your "Desktop"

- File 1 : BPUK.ov2

AND

- File 2 : BPUK.bmp

Be careful because these file names can be different from device to device!

5. Connect your GPS device with your computer.

6. Upload files (POI) on your navigation system as described in your user manual.

Please refer to your device manual or webpage below for more information:
