

Our year in review

"As we reflect on the past year, we are proud of the fantastic progress we've made in delivering safe, reliable, and lower-carbon energy to Oman. We've delivered this commitment while prioritizing our efforts to helping Oman's communities and environment. We look forward to the impact we can make together in the coming years."

Building on our long-standing partnership with Oman

Block 61

A tight-gas reservoir operated by bp in partnership with OQEP, PTTEP, and Petronas. It has the capacity to deliver around 35% of Oman's total natural gas demand.

LNG shipping

In November 2023, bp trading and shipping made an agreement with Oman LNG to supply one million metric tonnes of LNG each year, starting in 2026.
