

bp's contribution to North West England in 2025

Analysis and modelling by Oxford Economics

Economic contribution

bp supported a contribution of around £570 million gross value added (GVA) to the economy of the North West. This was approximately £1 in every £440.

Overall spend with suppliers

bp spent £710 million with North West suppliers in 2025, £620 million of which was operational spending and £81 million was capital expenditure.*

2025 saw spending across a variety of sectors, with the largest recipients being £500 million with manufacturing and £87 million with professional services.

Supporting jobs

bp supported an estimated 6,200 jobs across the North West, comprising its direct workforce and jobs indirectly supported through supply chain expenditure.

Delivering quality services

There were 122 bp-operated and dealer-operated retail sites in the North West offering quality fuels and convenience. 52 sites offered bp pulse ultra-fast and rapid EV charging.

Spotlight on social investment

As part of our funding of We Are Futures, bp supports teachers and students across the UK through Energising Futures, which provides free, curriculum-aligned science resources. In North West England in 2025, 1,246 teachers across 943 schools used the programme, reaching an estimated 39,900 students indirectly.
