BP SERVICES INTERNATIONAL LIMITED

(Registered No.05319396)

ANNUAL REPORT AND FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2024

Board of Directors: J Freeman
T L Juliussen

The directors present the Strategic Report, their report and the audited financial statements on BP Services International Limited (also referred to as the 'company') for the year ended 31 December 2024.

The company is a member of the bp group of companies whose ultimate holding company is BP p.l.c. The term 'bp group', 'bp' or 'group' in this context and where used elsewhere in these reports and financial statements means BP p.l.c. and its subsidiaries. These terms are used in this report for convenience to refer to one or more of the members of the bp group instead of identifying a particular company or companies.

STRATEGIC REPORT

Principal activity

BP Services International Limited (BPSIL) is engaged in the business of providing engineering and commercial personnel to other BP group companies around the world. The related costs are recovered from the BP group companies for which the employees work at zero mark up.

Results

The profit for the year after taxation was £909,970 which, when added to the retained profit brought forward at 1 January 2024 of £794,220 gives a total accumulated profit carried forward at 31 December 2024 of £1,704,190.

Review of the business

The company employs engineering and commercial personnel supporting bp Group's exploration and production activities around the world.

The key financial performance indicators during the year were as follows:

	2024	2023	Variance
	£	£	%
Turnover	13,050,580	13,267,946	(2)%
Operating profit / (loss)	13,912	(28,837)	(148)%
Profit for the financial year	909,970	754,441	21 %
Total equity	18,515,819	17,605,849	5 %

During the year the company primarily incurred payroll related costs, which are recovered from other BP group companies. Lower headcount resulted in decrease of both turnover and administrative expenses compared to 2023.

No key financial and other performance indicators have been identified for this company other than the ones mentioned above.

Section 172 (1) statement

This section describes how the directors have had regard to the matters set out in section 172 (1) (a) - (f) of the Companies Act 2006 (the 'Section 172 factors') and forms the statement required under section 414CZA of the Companies Act 2006. The directors understand their duties under Section 172 and receive training on them upon their appointment, and at regular intervals thereafter.

The board is committed to doing business ethically and transparently, using bp's values and code of conduct to guide them when engaging and working with business partners. The company's activities, and the decisions of the board, affect a wide variety of individuals and organisations. The directors engage with the company's stakeholders, listening to their differing needs and priorities as part of their role as a senior leader at bp and use the feedback received to inform the board's decision-making.

S172 Factors	
(a) – The likely consequences of any decision in the long term; (e) – the desirability of the company maintaining a reputation for high standards of business conduct	When performing their duties, the directors of the company had regard to the bp group strategy and how the long-term success and sustained economic viability of the company supports the bp group's financial frame and sustainability frame. bp's code of conduct, which was updated in 2024, and "Who we are" beliefs set clear expectations for how bp, the company and the board operate to maintain a reputation for high standards of business conduct.
(b) – the interests of the company's employees	The directors of the company engage with employees and keep them informed on matters of concern to them. The directors of the company acknowledge the key interests of the employees, which include job security and career development, when making decisions. This includes reviewing the key performance indicators on employee engagement measured by employee 'Pulse' surveys.' Employees are kept informed on matters of concern to them as bp employees through the intranet, town halls, site visits and relevant webinars. Employee share ownership is encouraged and there are a number of employee share plans in place at bp group level to which employees of the company can participate in. For example, the bp group operates a ShareMatch plan in more than 50 countries, matching BP p.l.c. shares purchased by employees. The bp group continued to use its learning platform, Grow@bp to enable employees to take ownership of their career and develop skills both for their current roles and future options as bp evolves.
(c) – The need to foster the company's business relationships with suppliers, customers and others	During 2024, the directors of the company reiterated their focus on engaging and fostering relationships with suppliers and customers. Their actions were aligned with bp's Code of Conduct and 'Who we are' beliefs.

DTT

Docusign Envelope ID: 0DB82DD2-4A39-43E3-84DD-537C0EDA9468

(d) – The impact of the company's operations on the community and the environment	The directors of the company are committed to the bp group's sustainability frame which includes 10 aims to get bp to net zero and help the world get there too, 5 aims to improve people's lives and 5 aims to care for our planet.
(f) - The need to act fairly as between members of the company	In considering both the short- and long-term consequences of decisions, the directors consider how to best maximize the long-term shareholder value for its member as a wholly-owned subsidiary

The company's principal decisions

During the period the directors of the company continued to monitor progress against the company's strategy, as highlighted in the principal activities section of the Strategic Report of the company, and decisions made by the directors of the company were in respect of routine board matters, in furtherance of the bp group's purpose and were not considered to be principal in nature.

Principal risks and uncertainties

The bp group manages, monitors and reports on the principal risks and uncertainties that can impact the group's ability to deliver its strategy. The group's system of internal control includes policies, processes, management systems, organizational structures, culture and standards of conduct employed to manage bp's business and associated risks.

Throughout the year, bp management, the leadership team, the board and relevant committees provide oversight of how principal risks to bp are identified, assessed and managed. They support appropriate governance of risk management including having relevant policies in place to help manage risks. Such oversight may include internal audit reports, group risk reports and reviews of the outcomes of business processes including strategy, planning and resource and capital allocation. bp's group risk team analyses the group's risk profile and maintains the group's risk management system. bp's internal audit team provides independent assurance to the chief executive and board as to whether the group's system of internal control is adequately designed and operating effectively to respond appropriately to the risks that are significant to bp.

The company aims to deliver sustainable value by identifying and responding successfully to risks in line with the group's risk management process.

The risks listed below, separately or in combination, could have a material adverse effect on the implementation of the company's strategy, business, financial performance, results of operations, cash flows, liquidity, prospects, shareholder value and returns and reputation. Unless stated otherwise, further details on these risks are included within the risk factors in the Strategic Report of the bp group Annual Report and Form 20-F for the year ended 31 December 2024.

Strategic and commercial risk

Geopolitical

The company is exposed to a range of political developments and consequent changes to the operating and regulatory environment could cause business disruption.

Political instability, changes to the regulatory environment or taxation, international trade disputes and barriers to free trade, international sanctions, expropriation or nationalization of property, civil strife, strikes, insurrections, acts of terrorism, acts of war and public health situations (including the outbreak of an epidemic or pandemic) may disrupt or curtail our operations, business activities or investments. These may in turn cause production to decline, limit bp's ability to pursue new opportunities, affect the recoverability of bp's assets and related earnings and cash flow or cause bp to incur additional costs, particularly due to the long-term nature of many of bp's projects and significant capital expenditure required.

DTT

Docusign Envelope ID: 0DB82DD2-4A39-43E3-84DD-537C0EDA9468

Digital infrastructure, cyber security and data protection

The energy industry is subject to fast-evolving risks, including ransomware, from cyber threat actors, including nation states, criminals, terrorists, hacktivists and insiders. Current geopolitical factors have increased these risks. There is also growing regulation around data protection and data privacy, critical national infrastructure and the evolving opportunities and threats from artificial intelligence. A breach or failure of the bp group or third parties' digital infrastructure – including control systems – due to breaches of cyber defences, or those of third parties, negligence, intentional misconduct or other reasons, could seriously disrupt operations. This could result in the loss or misuse of data or sensitive information, including employees' and customers' personal data, injury to people, disruption to bp group's business, harm to the environment or assets, legal or regulatory breaches, legal liability and significant costs including fines, cost of remediation or reputational consequences. Furthermore, the rapid detection of attempts to gain unauthorized access to digital infrastructure, often through the use of sophisticated and co-ordinated means, is a challenge and any delay or failure to detect could compound these potential harms.

Climate change and the transition to a lower carbon economy

Laws, regulations, policies, obligations, government actions, social attitudes and customer preferences relating to climate change and the transition to a lower carbon economy, including the pace of change to any of these factors, and also the pace of the transition itself, could have adverse impacts on our business including on our access to and realization of competitive opportunities, a decline in demand for, or constraints on our ability to sell certain products, constraints on production and supply, adverse litigation and regulatory or litigation outcomes, increased costs from compliance and increased provisions for environmental and legal liabilities.

Investor preferences and sentiment are influenced by environmental, social and governance considerations including climate change and the transition to a lower carbon economy. Changes in those preferences and sentiment could affect bp group's access to capital markets and attractiveness to potential investors, potentially resulting in reduced access to financing, increased financing costs and impacts upon business plans and financial performance.

Depending on the nature and speed of any such changes and our response, these changes could increase costs, reduce the company's profitability, reduce demand for certain products, limit our access to new opportunities, require us to write down certain assets or curtail or cease certain operations, and affect investor sentiment, our access to capital markets, our competitiveness and financial performance.

Competition

The bp group's strategic progress and performance could be impeded if the company is unable to control its development and operating costs and margins, fails to scale its businesses at pace, or to sustain, develop and operate a high-quality portfolio of assets efficiently. Furthermore, as an integrated energy company, the bp group faces an expanded and rapidly evolving range of competitors in the sectors in which it operates.

Talent and capability

The sectors in which the bp group operates face increasing challenges to attract and retain diverse, skilled and capable talent. An inability to successfully recruit, develop and retain core skills and capabilities and to reskill existing talent could negatively impact delivery of our strategy.

Crisis management and business continuity

The bp group's reputation and business activities could be negatively impacted if the management does not respond, or is perceived not to respond, in an appropriate manner to any major crisis.

Insurance

The bp group insures in situations where this is legally and contractually required. Some risks are insured with third parties and reinsured by group insurance companies. Uninsured losses could have a material adverse effect on the company's financial position, particularly if they arise at a time when the company is facing material costs as a result of a significant operational event which could put pressure on liquidity and cash flows.

DTT

Docusign Envelope ID: 0DB82DD2-4A39-43E3-84DD-537C0EDA9468

Safety and operational risk

Process safety, personal safety and environmental risks

Technical integrity failure, natural disasters, extreme weather or a change in its frequency or severity, human error and other adverse events or conditions, including breach of digital security, could lead to loss of containment of hazardous materials, including hydrocarbons. This could also lead to fires, explosions or other personal and process safety incidents when drilling wells, constructing and operating facilities; in addition to activities associated with transportation by road, sea or pipeline. There can be no certainty that our operating management system or other policies and procedures will adequately identify all process safety, personal safety and environmental risks or that all our operating activities, including acquired businesses, will be conducted in conformance with these systems.

Such events or conditions could lead to injuries, loss of life or environmental damage. As a result, the company could face regulatory action and legal liability, including penalties and remediation obligations, increased costs and potentially denial of licence to operate.

Compliance and control risks

Ethical misconduct and non-compliance

Incidents of ethical misconduct or non-compliance with applicable laws and regulations, including anti-bribery and corruption, competition and antitrust, data privacy, and anti-fraud laws, trade restrictions or other sanctions, could damage the company's reputation, and result in litigation, regulatory action, penalties and potentially affect licence to operate.

Regulation

Changes in the law and regulation, including how they are interpreted and enforced, could increase costs, constrain the company's operations and affect its business plans and financial performance.

Treasury

Ineffective oversight of treasury and trading activities could lead to business disruption, financial loss, regulatory intervention, fines or damage to the company's reputation.

Reporting

External reporting of financial and non-financial data relies on the integrity of the control environment, bp group's systems and people operating them. Failure to report data accurately and in compliance with applicable standards could result in regulatory action, legal liability and reputational damage.

DTT

Docusign Envelope ID: 0DB82DD2-4A39-43E3-84DD-537C0EDA9468

Financial risk management

The company is exposed to a number of different financial risks arising from natural business exposures as well as its use of financial instruments including market risks relating to foreign currency exchange rates and interest rates. Further details on these financial risks are included within Note 29 of the bp group Annual Report and Form 20-F for the year ended 31 December 2024.

DIRECTORS' REPORT

BP SERVICES INTERNATIONAL LIMITED

Directors

The present directors are listed on page 1.

There have been no director appointments or resignations since 1 January 2024.

Directors' indemnity

The company indemnifies the directors in its Articles of Association to the extent allowed under section 232 of the Companies Act 2006. Such qualifying third party indemnity provisions for the benefit of the company's directors remain in force at the date of this report.

Dividends

The company has not declared any dividends during the year (2023 £Nil). The directors do not propose the payment of a dividend (2023 $Nil).

Financial risk management

In accordance with section 414C of the Companies Act 2006 the directors have included information regarding financial instruments as required by Schedule 7 (Part 6.1) of the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 in the Strategic Report under Financial risk management.

Post balance sheet events

There was no post balance sheet event identified.

Going concern

The directors consider it appropriate to adopt the going concern basis of accounting in preparing the financial statements. The current economic and geopolitical environment were considered as part of the going concern assessment.

Liquidity and financing are managed within the bp group under pooled group-wide arrangements which include the company. As part of the going concern basis of preparation for the company, the ability and intent of the bp group to support the company has also been taken into consideration. The most recent bp group financial statements continue to be prepared on a going concern basis. Forecast liquidity of the bp group has been assessed under a number of stressed scenarios, including a significant decline in oil prices over the 12-month period from the date these financial statements were approved. Reverse stress tests performed indicated that the bp group will continue to operate as a going concern for at least 12 months from the date of approval of the financial statements even if the Brent price fell to zero. In addition, bp group management have confirmed the existing intra-group funding and liquidity arrangements as currently constituted are expected to continue for the foreseeable future, being no less than twelve months from the approval of these financial statements. No material uncertainties over going concern or significant judgements or estimates on the assessment were identified. Accordingly, the company will be able to draw on support from the bp group for the foreseeable future and these financial statements have therefore been prepared on a going concern basis. For further information on financial risk factors, including credit risk and liquidity risk, see above.

DTT

Docusign Envelope ID: 0DB82DD2-4A39-43E3-84DD-537C0EDA9468

As at 31st December 2024, the company is in a net asset position of £18,515,819 (2023 £17,605,849) and is reporting a profit for the year of £909,970 (2023 £754,441).

The key asset of the entity is an internal funding account (IFA) with BP International Limited of £18,196,484 as at 31 December 2024.

In assessing the prospects of BP Services International Limited, the directors noted that such assessment is subject to a degree of uncertainty that can be expected to increase looking out over time and, accordingly, that future outcomes cannot be guaranteed or predicted with certainty.

Having a reasonable expectation that the company has adequate resources to continue in operational existence for at least the next 12 months from the date these financial statements were approved, the directors consider it appropriate to continue to adopt the going concern basis of accounting in preparing the financial statements.

Future developments

The directors aim to maintain the management plans which have resulted in the company's stability in recent years. They believe that the company is in a good position to take advantage of any opportunities which may arise in the future.

It is the intention of the directors that the business of the company will continue for the foreseeable future.

Auditors

Pursuant to section 487 of the Companies Act 2006, Deloitte LLP have expressed their willingness to continue in office as auditors and are therefore deemed reappointed as auditors.

DIRECTORS' REPORT

Directors' statement as to the disclosure of information to the auditor

The directors who were members of the board at the time of approving the directors' report, as listed on page 1, confirm that:

- To the best of each director's knowledge and belief, there is no information relevant to the preparation of the auditor's report of which the company's auditor is unaware; and
- Each director has taken all the steps a director might reasonably be expected to have taken to be aware of relevant audit information and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with section 418 of the Companies Act 2006.

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS

BP SERVICES INTERNATIONAL LIMITED

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable UK law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law) including Financial Reporting Standard 101 'Reduced Disclosure Framework'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the profit or loss for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable United Kingdom accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors confirm that they have complied with these requirements. Details of the directors' assessment of going concern are provided in the Directors' Report.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF BP SERVICES INTERNATIONAL LIMITED

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of BP Services International Limited (the 'company'):

- give a true and fair view of the state of the company's affairs as at 31 December 2024 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 101 "Reduced Disclosure Framework"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the profit and loss account;
- the statement of comprehensive income;
- the balance sheet;
- the statement of changes in equity;
- the related notes 1 to 15.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 "Reduced Disclosure Framework" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

DTT

INDEPENDENT AUDITOR'S REPORT

Responsibilities of directors
As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud
Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the nature of the company's industry and its control environment, and reviewed the company's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management and the directors about their own identification and assessment of the risks of irregularities, including those that are specific to the company's business sector.

We obtained an understanding of the legal and regulatory frameworks that the company operates in, and identified the key laws and regulations that:

- had a direct effect on the determination of material amounts and disclosures in the financial statements. These included UK Companies Act and tax legislation; and
- do not have a direct effect on the financial statements but compliance with which may be fundamental to the company's ability to operate or to avoid a material penalty.

We discussed among the audit engagement team regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- enquiring of management and in-house legal counsel concerning actual and potential litigation and claims, and instances of non-compliance with laws and regulations; and
- reading minutes of meetings of those charged with governance.

INDEPENDENT AUDITOR'S REPORT

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1. Authorisation of financial statements and statement of compliance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101)

The financial statements of BP Services International Limited for the year ended 31 December 2024 were approved by the board of directors on 17 September 2025 and the balance sheet was signed on the board's behalf by J Freeman. BP Services International Limited is a private company, limited by shares incorporated, domiciled and registered in England and Wales (registered number 05319396) under the Companies Act 2006. The company's registered office is at Chertsey Road, Sunbury on Thames, Middlesex, TW16 7BP, United Kingdom. These financial statements were prepared in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' (FRS 101) and the provisions of the Companies Act 2006.

2. Material accounting policy information, significant judgements, estimates and assumptions

The material accounting policy information and critical accounting judgements, estimates and assumptions of the company are set out below.

Basis of preparation

These financial statements have been prepared in accordance with FRS 101. The financial statements have been prepared under the historical cost convention. Historical cost is generally based on the fair value of the consideration given in exchange for the assets.

The accounting policies that follow have been consistently applied to all years presented, except where otherwise indicated.

The company meets the definition of a qualifying entity under FRS 100 'Application of Financial Reporting Requirements' issued by the FRC. Accordingly, these financial statements were prepared under the historical cost convention in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework and the Companies Act 2006. As permitted by FRS 101, the company has taken advantage of the disclosure exemptions available under that standard in relation to:

a. the requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134 to 136 of IAS 1 Presentation of Financial Statements;
b. the requirement in paragraph 38 of IAS 1 Presentation of Financial Statements to present comparative information in respect of:
    i. paragraph 79(a)(iv) of IAS 1 Presentation of Financial Statements
c. the requirements of IAS 7 Statement of Cash Flows (excluding paragraphs 1 to 44E, 44H(b)(ii) and 45 to 63 which are not applicable);
d. the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors in relation to standards not yet effective;
e. the requirements of paragraph 17 and 18A of IAS 24 Related Party Disclosures;
f. the requirements of IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member;
g. the requirements of paragraphs 45(b) and 46 to 52 of IFRS 2 Share-based Payment;
h. the requirements of IFRS 7 Financial Instruments: Disclosures;
i. the requirements of paragraphs 91 – 99 of IFRS 13 Fair Value Measurement;
j. the requirement of the second sentence of paragraph 110 and paragraphs 113(a), 114, 115, 118, 119(a) to (c), 120 to 127 and 129 of IFRS 15 Revenue from Contracts with Customers;
k. the requirements of paragraphs 88C and 88D of IAS 12 Income Taxes.

Docusign Envelope ID: 0DB82DD2-4A39-43E3-84DD-537C0EDA9468

Where required, equivalent disclosures are given in the consolidated financial statements of BP p.l.c. The consolidated financial statements of BP p.l.c. are available to the public and can be obtained as set out in Note 15.

The financial statements are presented in Pound Sterling and all values are rounded to the nearest whole number in pounds (£), except where otherwise indicated.

Material accounting policy information: use of judgements, estimates and assumptions

Inherent in the application of many of the accounting policies used in preparing the financial statements is the need for management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual outcomes could differ from the estimates and assumptions used.

There were no critical accounting judgements or estimates identified that would have a significant impact on the amounts recognized in the financial statements, or create a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Material accounting policy information

Going concern

The directors consider it appropriate to adopt the going concern basis of accounting in preparing the financial statements. The current economic and geopolitical environment were considered as part of the going concern assessment.

Liquidity and financing are managed within the bp group under pooled group-wide arrangements which include the company. As part of the going concern basis of preparation for the company, the ability and intent of the bp group to support the company has also been taken into consideration. The most recent bp group financial statements continue to be prepared on a going concern basis. Forecast liquidity of the bp group has been assessed under a number of stressed scenarios, including a significant decline in oil prices over the 12-month period from the date these financial statements were approved. Reverse stress tests performed indicated that the bp group will continue to operate as a going concern for at least 12 months from the date of approval of the financial statements even if the Brent price fell to zero. In addition, bp group management have confirmed the existing intra-group funding and liquidity arrangements as currently constituted are expected to continue for the foreseeable future, being no less than twelve months from the approval of these financial statements. No material uncertainties over going concern or significant judgements or estimates on the assessment were identified. Accordingly, the company will be able to draw on support from the bp group for the foreseeable future and these financial statements have therefore been prepared on a going concern basis. For further information on financial risk factors, including credit risk and liquidity risk, see page 6.

In assessing the prospects of BP Services International Limited, the directors noted that such assessment is subject to a degree of uncertainty that can be expected to increase looking out over time and, accordingly, that future outcomes cannot be guaranteed or predicted with certainty.

Having a reasonable expectation that the company has adequate resources to continue in operational existence for at least the next 12 months from the date these financial statements were approved, the directors consider it appropriate to continue to adopt the going concern basis of accounting in preparing the financial statements.

DTT

Docusign Envelope ID: 0DB82DD2-4A39-43E3-84DD-537C0EDA9468

Foreign currency

The functional and presentation currency of the financial statements is GBP. The functional currency is the currency of the primary economic environment in which the company operates and is normally the currency in which the company primarily generates and expends cash.

Transactions in foreign currencies are initially recorded in the functional currency by applying the rate of exchange ruling at the date of the transaction. Where this is not practical and exchange rates do not fluctuate materially the average rate has been used. Monetary assets and liabilities denominated in foreign currencies are retranslated into the functional currency at the spot exchange on the balance sheet date. Any resulting exchange differences are included in the profit and loss account, unless hedge accounting is applied. Non-monetary assets and liabilities, other than those measured at fair value, are not retranslated subsequent to initial recognition.

Financial assets

Financial assets are recognized initially at fair value, normally being the transaction price. In the case of financial assets not measured at fair value through profit or loss, directly attributable transaction costs are also included. The subsequent measurement of financial assets depends on their classification, as set out below. The company derecognizes financial assets when the contractual rights to the cash flows expire or the rights to receive cash flows have been transferred to a third party and either substantially all of the risks and rewards of the asset have been transferred, or substantially all the risks and rewards of the asset have neither been retained nor transferred but control of the asset has been transferred.

The company classifies its financial assets as measured at amortized cost or fair value through profit or loss. The classification depends on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Financial assets measured at amortized cost

Financial assets are classified as measured at amortized cost when they are held in a business model the objective of which is to collect contractual cash flows and the contractual cash flows represent solely payments of principal and interest. Such assets are carried at amortized cost. This category of financial assets includes trade and other receivables.

Impairment of financial assets measured at amortized cost

The company assesses on a forward-looking basis the expected credit losses associated with financial assets measured at amortized cost at each balance sheet date. Expected credit losses are measured based on the maximum contractual period over which the company is exposed to credit risk. As lifetime expected credit losses are recognized for trade receivables and the tenor of substantially all other in-scope financial assets is less than 12 months there is no significant difference between the measurement of 12-month and lifetime expected credit losses for the company. The measurement of expected credit losses is a function of the probability of default, loss given default and exposure at default. The expected credit loss is estimated as the difference between the asset's carrying amount and the present value of the future cash flows the company expects to receive, discounted at the financial asset's original effective interest rate. The carrying amount of the asset is adjusted, with the amount of the impairment gain or loss recognized in the profit and loss account.

A financial asset or group of financial assets classified as measured at amortized cost is considered to be credit-impaired if there is reasonable and supportable evidence that one or more events that have a detrimental impact on the estimated future cash flows of the financial asset (or group of financial assets) have occurred. Financial assets are written off where the company has no reasonable expectation of recovering amounts due.

DTT

Docusign Envelope ID: 0DB82DD2-4A39-43E3-84DD-537C0EDA9468

Financial liabilities

Financial liabilities are recognized when the company becomes party to the contractual provisions of the instrument. The company derecognizes financial liabilities when the obligation specified in the contract is discharged, cancelled or expired. The measurement of financial liabilities depends on their classification, as follows:

Financial liabilities measured at amortized cost
Financial liabilities are initially recognized at fair value, net of directly attributable transaction costs. For interest-bearing loans and borrowings this is typically equivalent to the fair value of the proceeds received, net of issue costs associated with the borrowing.

After initial recognition, these financial liabilities are subsequently measured at amortized cost. This category of financial liabilities includes

Offsetting of financial assets and liabilities
Financial assets and liabilities are presented gross in the balance sheet unless both of the following criteria are met: the company currently has a legally enforceable right to set off the recognized amounts; and the company intends to either settle on a net basis or realize the asset and settle the liability simultaneously. If both of the criteria are met, the amounts are set off and presented net. A right of set off is the company's legal right to settle an amount payable to a creditor by applying against it an amount receivable from the same counterparty. The relevant legal jurisdiction and laws applicable to the relationships between the parties are considered when assessing whether a current legally enforceable right to set off exists.

Employee benefits

Wages, salaries, bonuses, social security contributions, paid annual leave and sick leave are accrued in the period in which the associated services are rendered by employees of the company. Deferred bonus arrangements that have a vesting date more than 12 months after the balance sheet date are valued on an actuarial basis using the projected unit credit method and amortized on a straight-line basis over the service period until the award vests.

Taxation
Income tax expense represents the sum of current tax and deferred tax.

Income tax is recognized in the profit and loss account, except to the extent that it relates to items recognized in other comprehensive income or directly in equity, in which case the related tax is recognized in other comprehensive income or directly in equity.

Current tax is based on the taxable profit for the period. Taxable profit differs from net profit as reported in the profit and loss account because it is determined in accordance with the rules established by the applicable taxation authorities. It therefore excludes items of income or expense that are taxable or deductible in other periods as well as items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is provided, using the balance sheet method, on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax liabilities are recognized for all taxable temporary differences except:

- Where the deferred tax liability arises on the initial recognition of an asset or liability in a transaction that is not a business combination, at the time of the transaction, affects neither accounting profit nor taxable profit or loss and, at the time of the transaction, does not give rise to equal taxable and deductible temporary differences.

DTT

NOTES TO THE FINANCIAL STATEMENTS

Deferred tax assets are recognized for deductible temporary differences, carry-forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry-forward of unused tax credits and unused tax losses can be utilized, except where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination, at the time of the transaction, affects neither accounting profit nor taxable profit or loss and, at the time of the transaction, does not give rise to equal taxable and deductible temporary differences.

Where tax treatments are uncertain, if it is considered probable that a taxation authority will accept the company's proposed tax treatment, income taxes are recognized consistent with the company's income tax filings. If it is not considered probable, the uncertainty is reflected within the carrying amount of the applicable tax asset or liability using either the most likely amount or an expected value, depending on which method better predicts the resolution of the uncertainty.

Turnover

Revenue from contracts with customers is recognized with no mark up when or as the company satisfies a performance obligation by transferring control of a service to a customer. Revenue is recognized when the service is performed, in accordance with the terms of the contractual arrangements and in the accounting period in which the services are rendered.

When, or as, a performance obligation is satisfied, the company recognizes as revenue the amount of the transaction price that is allocated to that performance obligation. The transaction price is the amount of consideration to which the company expects to be entitled. The transaction price is allocated to the performance obligations in the contract based on standalone selling prices of the goods or services promised.

Interest income

Interest income is recognized as the interest accrues using the effective interest rate – that is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial asset.

Updates to material accounting policy information

There are no new IFRS Accounting Standards or other amended standards or interpretations adopted from 1 January 2024 onwards, that have a significant impact on the financial statements.

Impact of new International Financial Reporting Standards

The following pronouncements from the IASB have not been adopted by the company in these financial statements as they will only become effective for future financial reporting periods. There are no other standards, amendments or interpretations in issue but not yet adopted that the directors anticipate will have a material effect on the reported income or net assets of the company.

Amendment to IFRS 9 Financial Instruments

Amendments to IFRS 9 Financial Instruments relating to the settlement of liabilities through electronic payment systems are effective for annual periods beginning on or after 1 January 2026 subject to endorsement by the UK Endorsement Board. The potential impact on cash and banking operations and amounts reported on adoption of the amendments is currently being assessed.

IFRS 18 Presentation and Disclosure in Financial Statements

IFRS 18 Presentation and Disclosure in Financial Statements will supersede IAS 1 Presentation of Financial Statements and is effective for annual periods beginning on or after 1 January 2027 subject to endorsement by the UK Endorsement Board. IFRS 18 (and consequential amendments made to IAS 7 Statement of Cash Flows, IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors, IAS 33 Earnings per share and IFRS 7 Financial Instruments: Disclosures) introduces several new requirements that are expected to impact the presentation and disclosure of the company's financial statements. These new requirements include:

- Requirements to classify all income and expenses included in the statement of profit or loss into one of five categories and to present two new mandatory subtotals.
- Required disclosures about certain non-GAAP measures ('management defined performance measures') in a single note to the financial statements.
- Enhanced guidance on the aggregation of information across all the primary financial statements and the notes.

The company's evaluation of the effect of adopting IFRS 18 is ongoing.

3. Turnover

An analysis of the company's turnover is as follows:

	2024	2023
	£	£
Revenue from contracts with customers	13,050,580	13,267,946

An analysis of turnover by class of business is set out below:

	2024	2023
	£	£
Class of business:		
Oil production & operations	9,706,525	10,197,257
Gas & low carbon energy	2,715,605	2,449,552
Customers & products	628,450	621,137
Total	13,050,580	13,267,946

An analysis of turnover by geographical market is set out below:

	2024	2023
	£	£
By geographical area:		
UK	4,563,963	3,753,274
Rest of Europe	20,479	18,668
USA	434,243	754,279
Rest of World	8,031,895	8,741,725
Total	13,050,580	13,267,946

DTT

Docusign Envelope ID: 0DB82DD2-4A39-43E3-84DD-537C0EDA9468

4. Operating profit / (loss)

This is stated after charging / (crediting):

	2024	2023
	£	£
Net foreign exchange (gains) / losses	(4,970)	8,833

5. Auditor's remuneration

	2024	2023
	£	£
Fees for the audit of the company	23,162	20,827

Fees paid to the company's auditor, Deloitte LLP and its associates for services other than the statutory audit of the company are not disclosed in these financial statements since the consolidated financial statements of BP Services International Limited's ultimate parent, BP p.l.c., are required to disclose non-audit fees on a consolidated basis.

The audit fees were borne by another group company.

6. Interest receivable and similar income

	2024	2023
	£	£
Interest income from amounts owed by group undertakings	896,058	783,278

7. Taxation

The company is a member of a group for the purposes of relief within Part 5, Corporation Tax Act 2010.

In May 2023, the IASB issued International Tax Reform – Pillar Two Model Rules - Amendments to IAS 12 Income Taxes to clarify the application of IAS 12 to tax legislation enacted or substantively enacted to implement Pillar Two of the Organisation for Economic Co-operation and Development's Base Erosion and Profit Shifting project, which aims to address the tax challenges arising from the digitalisation of the economy. The amendments include a mandatory temporary exception from accounting for deferred tax on such tax law. In July 2023, the UK government enacted legislation to implement the Pillar Two rules. The legislation is effective for the company from 1 January 2024 and includes an income inclusion rule and a domestic minimum tax. The Pillar Two rules apply at a country level across legal entities in the same group. The rules also include a transitional safe harbour (TCSH) based on Country-by-Country reporting which is applicable for the first three years of the Pillar Two rules. The TCSH provides for three tests which simplify the application of the Pillar Two rules, and where at least one of these tests is met, the top-up tax is deemed to be zero. No provision has been made for Pillar Two current tax for the company for the year ended 31 December 2024 as the company is expected to qualify for the TCSH. In line with the amendments to IAS 12, the exception from accounting for deferred tax for the Pillar Two rules has been applied.

The company has no current or deferred tax charge or credit in the profit and loss account for the year.

Reconciliation of the effective tax rate

The tax assessed on the profit for the year is lower than the standard rate of corporation tax in the UK of 25.0% for the year ended 31 December 2024 (2023 23.5%). The differences are reconciled below:

	2024	2023
	£	£
Profit before taxation	909,970	754,441
Tax charge / (credit)	—	—
Effective tax rate	—	—

	2024	2023
	%	%
UK statutory corporation tax rate:	25	23.5
Increase / (decrease) resulting from:		
Non-deductible expenditure	0.2	0.3
Free group relief	(25.2)	(23.8)
Effective tax rate	—	—

Change in corporation tax rate

The UK corporation tax rate is 25%, effective from 1 April 2023, which applies for the year ended 31 December 2024. The company had no deferred tax balances, recognized or unrecognized, at the balance sheet date.

8. Directors and employees

(a) Remuneration of directors

None of the directors received any fees or remuneration for qualifying services as a director of the company during the financial year (2023 £Nil).

(b) Employee costs

	2024	2023 (As restated) *
	£	£
Wages and salaries	8,557,455	9,262,789
Social security costs	3,934,127	3,324,668
Other pension costs	456,032	667,806
	12,947,614	13,255,263

*During 2023 other pension costs of £667,806 were included in Wages and salaries and have been restated and reclassified in 2024.

The employee costs noted above relate to those employees with contracts of employment with BP Services International Limited.

Docusign Envelope ID: 0DB82DD2-4A39-43E3-84DD-537C0EDA9468

(c) The average monthly number of employees during the year was 37 (2023 38).

	2024	2023
	No.	No.
Oil production & operations	37	38
	37	38

9. Debtors

Amounts falling due within one year:

	2024	2023
	£	£
Amounts owed from group undertakings	18,505,909	17,607,016
Other debtors	12,592	9,359
	18,518,501	17,616,375

The amounts owed from group undertakings comprise an Internal Funding Account (IFA) of £18,196,484 receivable from BP International Limited (2023 £17,374,452).

This balance forms a key part of the bp group's liquidity and funding arrangements under its centralized treasury funding model and it can be accessed by BP International Limited at short notice. Whilst IFA balances are legally repayable on demand, in practice they have no termination date.

Interest is accrued on a monthly basis based on overnight SONIA plus 6 basis points.

10. Creditors

Amounts falling due within one year:

	2024	2023
	£	£
Amounts owed to group undertakings	2,432	10,275
Other creditors	250	251
	2,682	10,526

11. Called up share capital

	2024	2023
	£	£
Issued and fully paid:		
10,641,540 ordinary shares of £1 each for a total nominal value of £10,641,540	10,641,540	10,641,540

DTT

Docusign Envelope ID: 0DB82DD2-4A39-43E3-84DD-537C0EDA9468

12. Capital and reserves

Called up share capital
The balance on the called up share capital account represents the aggregate nominal value of all ordinary shares in issue.

Foreign currency translation reserve
The foreign currency translation reserve includes the exchange differences arising on translation from functional currency (USD) to presentation currency (Pound Sterling) until FY2019.

Profit and loss account
The balance held on this reserve is the retained profits of the company.

13. Related party transactions

The company has taken advantage of the exemption contained within paragraphs 8(k) and (j) of FRS 101, and has not disclosed transactions entered into with wholly-owned group companies or key management personnel. There were no other related party transactions in the year.

14. Post balance sheet event

There was no post balance sheet event identified.

15. Immediate and ultimate controlling parent undertaking

The immediate parent undertaking is BP Exploration Company Limited, , a company registered in Scotland. The ultimate controlling parent undertaking is BP p.l.c., a company registered in England and Wales, which is the smallest and largest group to consolidate these financial statements. Copies of the consolidated financial statements of BP p.l.c. can be obtained from its registered address: 1 St James's Square, London, SW1Y 4PD, United Kingdom.

DTT
