

# Commitment

## to Health, Safety, Security, Environmental and Quality Performance

BP Chembel NV is a manufacturer of aromatics and provides services to third parties.  
BP Aromatics Limited NV, is the marketing, sales and logistics organization for BP's PTA & PX Business Unit in Europe/ME/Africa.

Our Health, Safety, Security and Environmental policy is based on the corporate BP "Operating Management System (OMS)" guidelines and has been endorsed by the CEO of BP plc.

### Our aspiration

- We aim for no accidents, no harm to people and no damage to the environment.
- In order to achieve this we strive to improve continuously our performance on quality, health, safety, security and environmental impact reduction, through measurable HSSEQ targets. We report our HSSEQ performance in a factual and understandable way, both internally and publicly.

### Our commitment

- We are committed to the health and safety of our people and the communities and societies in which we operate.
- We commit our self to implement the BP Operating Management System and act accordingly.
- We will improve our energy performance through the in OMS integrated Energy management system (EnMS).
- All our activities, products and services meet the mutually agreed HSSEQ requirements of our internal and external customers. We will comply with applicable local law and company policies and procedures.

### Our accountabilities

- Delivering this commitment is the core accountability of the Leadership team of BP Chembel and BP Aromatics.
- We engage full co-operation of all employees and contract partners to support and exercise these accountabilities and we further ensure that all people who work for BP have the required competencies to do so.
- We consult, listen, and respond respectfully to our customers, suppliers, employees, neighbors and regulators with the clear intent to deliver our aspiration through continuous improvement.
