Graduate application process

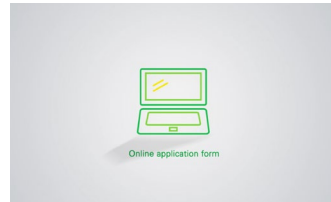

1

Degree matcher

Use our [degree matcher](#) to search for opportunities based on your degree background.

2

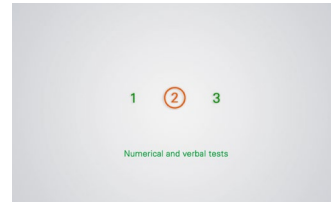

Online application form

Complete the detailed online application form and submit your resume or CV.

3

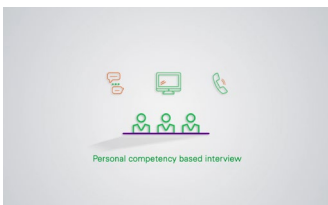

Online verbal & numerical tests

You will be invited to complete two online tests which will check your numerical and verbal reasoning skills.

4

Phone interview

You may be invited to complete a phone interview where we will use a series of motivation and competency-based questions.

5

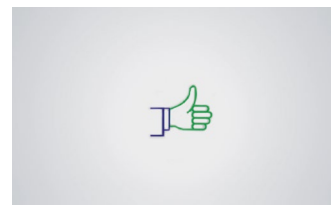

Assessment centre & technical interview

Next, you will attend one of our assessment centres where you will participate in group and individual activities. You will also have a *technical interview where you will be asked scenario based questions specific to the discipline you have applied to.

6

Offer

If you are successful you'll be made an offer of employment to join the team at BP. Don't forget to stay in touch after you accept the offer.

Note: * Your technical interview may be on a separate day to the assessment centre.
