100th Annual General Meeting

The meeting will be held at ExCeL London and we look forward to welcoming you on 16 April 2009.
I am pleased to invite you to join us at BP’s 100th Annual General Meeting on 16 April 2009. The meeting will again be held at ExCeL London in London Docklands and will start at 11.30 a.m.

This year marks the centenary of BP’s formation as a company. We will be recognizing this at the meeting through an exhibition that follows the development of the company and its business through the years.

The Annual General Meeting (AGM) is an important opportunity for the board to consider with shareholders the performance of the group during the past year and the outlook for the future.

This notice of meeting describes the business that will be discussed and sets out the procedures for your participation and voting. The biographies of the directors and the notes are intended to give you background information about the resolutions that are to be put. Please read these carefully.

There is one resolution to which I would particularly draw your attention. Resolution 22 proposes that the company be able to call general meetings (other than AGMs) on 14 clear days’ notice. While the Companies Act currently allows 14 days’ notice, this right will cease once the EU Shareholder Rights Directive becomes part of UK law during 2009. The directive requires that companies wishing to retain this right must obtain annual shareholder approval. This is what we now propose.

Poll voting ensures we engage with as many shareholders as possible. We therefore put all substantive decisions to a vote by way of a poll rather than a show of hands.

As this will be my last meeting as chairman I would like to thank all shareholders for their support for the company during my term and for the manner in which we have ensured that our meetings have been productive occasions.

On behalf of the board, I thank you for your continued support and look forward to your participation in the AGM.
Your participation
Participate by voting or attending the AGM. The following pages explain how you can get involved.
Notice of BP Annual General Meeting 2009

Your participation

By voting, you are involved in the future of the company. We want to hear the views and values of our investors and understand your opinions. BP publishes a range of information to help you make decisions about the company.

Information for you

Around March each year, BP publishes its Annual Report and Accounts, Annual Review and Notice of Meeting. These documents are available in various formats – you can view them online, download them or be sent a paper copy.

Notice of Meeting and proxy form

These documents describe the business at the AGM and the methods by which shareholders may participate. If you attend the meeting, you will be able to take part directly in the poll. If you are unable to attend, you may still vote by appointing a proxy either electronically at www.bp.com/evoting or by completing a hard copy proxy form. Further details are contained in the shareholder notes on pages 20-24.

Annual Review and Annual Report and Accounts

Most shareholders prefer to view these documents online or receive just the Annual Review. BP Annual Review 2008 contains summaries of the directors’ report, the directors’ remuneration report and the consolidated financial statements. BP Annual Report and Accounts 2008 contains the full version of these reports and financial statements.

Both the Annual Review and the Annual Report and Accounts are available at www.bp.com/annualreview. You may request a paper copy of each document at any time. Please see page 24 for further information.

BP’s website

BP’s website, www.bp.com, is an important source of information about the company. It contains key BP publications and reports and includes documents such as the Sustainability Report and The BP Magazine. You can also read speeches and presentations made to investors and the financial community by the group chief executive and other members of the executive team. The press centre at www.bp.com/press contains copies of all BP’s press releases and you can ask to be emailed copies at www.bp.com/email.

If you would like more information on holding BP ordinary shares, preference shares or American depositary shares (ADSs), our investor centre at www.bp.com/investors contains information that you may find helpful regarding your investment in BP. There you can also find copies of all BP’s quarterly results and other stock exchange announcements.

Choice of delivery

BP uses website communications as the principal method of communicating with shareholders. BP’s website, www.bp.com, contains copies of all BP’s corporate reports and announcements, which you can read at any time.

Whether you are reading these documents online or have received a paper copy, the same information is available to all shareholders.

If you would like to change how you receive your shareholder documentation, or to receive a paper copy of this year’s Annual Review or Annual Report and Accounts, you should contact Equiniti (ordinary and preference shareholders) or JPMorgan (ADS holders). To obtain one-off paper copies of BP’s publications, free of charge, please contact BP Distribution Services (UK and Rest of World) or BP Shareholder Services (US and Canada). Please see page 24 for contact details.

Webcast and photography

We have arranged for the AGM to be filmed and broadcast live to shareholders via a webcast, which can be viewed on www.bp.com/agm/webcast. You can also watch an edited recording of the AGM subsequently on www.bp.com. The broadcast may include the question and answer sessions with shareholders, as well as background shots of those present in the auditorium. We have also arranged for photographs to be taken throughout the premises for the duration of the event. Our intention is to use these photographs in future AGM related publications. If you attend the AGM in person, you may be included in photographs or in the webcast recording. Please note that the photographs and broadcast footage may be transferred outside the European Economic Area.

Notice of BP Annual General Meeting 2009

How business is conducted at the meeting

Discussion
- Discussion takes place on all the resolutions contained in the Notice of Meeting (see page 9). Shareholders will have the opportunity to ask questions on BP’s performance and business when considering the first resolution on the Annual Report and Accounts.

Resolutions
See pages 9-19.

Asking questions
- Please endeavour to keep your questions short and relevant to the resolution being discussed.
- Please remember that others may have waited for some time to ask a question, so please do not make speeches or ask multiple questions. If you do try to give a speech, the chairman may ask you to stand aside so that other people may be heard.
- You may also write to us at our registered office (see page 24) and we will be pleased to respond. There is a shareholder information desk in the BP Café area for queries on the day.
- It is planned that a number of senior executives will be available in the BP business display area after the meeting.

Voting
- Voting on all the resolutions on page 9 is by a poll, as required by the company’s Articles.
- Your vote counts, whether you can come to the meeting or not. In a global company such as ours, we think poll voting is the fairest approach.
- After opening the meeting the chairman will put all the resolutions to the meeting.
- There will be no voting on the resolutions on a show of hands. Shareholders and proxies at the meeting will be invited to participate in the poll.
- Due to changes introduced by the Companies Act 2006, special procedures introduced at last year’s AGM will continue to apply to voting by corporate representatives. Please see page 22.
- In accordance with UK listing requirements, we have included a ‘vote withheld’ column on our poll card. A vote withheld is not a vote in law and will not be counted in the calculation of the proportion of votes ‘for’ and ‘against’ a resolution.

How poll voting works at the meeting
- Shareholders, registered ADS holders and their proxies will be given a poll card at Registration. Please see the special procedures for corporate representatives on page 22.
- Please indicate your decision by marking the appropriate box next to each resolution.
- Please sign at the bottom of the poll card.

What to do with your poll card
- Poll boxes are open after the resolutions are put to the meeting. You will find the boxes clearly marked and located at the exits from the auditorium and the exits to Registration.
- When you have completed your poll card, please place it in a poll box.
- If you need assistance, our Registrar, Equiniti, will be available to answer questions.
- The poll will close one hour after the meeting ends.

Poll result
- It is expected that the total of the votes cast by shareholders for or against or withheld on each resolution will be published on www.bp.com on Monday 20 April 2009.

1. There are various question points around the meeting room.
2. Senior executives including Tony Hayward will be in the BP business display area after the meeting.

In respect of each of the non-executive directors, the board has conducted an appropriate due diligence exercise to determine whether a director is free from any relationship with the executive management of BP that could materially interfere with the exercise of his or her independent judgement.
Resolution 3
Mr A Burgmans

Proposal for re-election
Mr Burgmans brings broad international experience to the board and also substantial expertise in marketing and process industries. He continues to make a significant contribution to the work of the safety, ethics and environment assurance committee. Proposal for re-election  
Mr Davis has relevant expertise within capital-intensive businesses in the US. He has a strong financial background. Mr Davis sits on the audit and remuneration committees. While Mr Davis has served on the board since 1998, the board is satisfied of his independence, and recommends his re-election as a non-executive director.

From 1987 he worked on the negotiation and development of projects in the South China Sea, following which he was involved in the restructuring of oil and gas research and development activities in the US. Between 1994 and 1997 he was based in Moscow working on corporate development for both upstream and downstream businesses.

In 1997 he became general manager for strategy for Amoco. He was appointed to a similar role in BP in 1999. He was subsequently appointed executive assistant to the group chief executive officer, following which he was group vice president for BP’s renewables and alternative energy activities, with responsibilities for BP’s global solar business and wind and hydrogen activities. He then took up the role of group vice president responsible for BP’s upstream businesses in Russia, the Caspian Region, Angola, Algeria and Egypt.

From 2003 to 2008, Mr Dudley was president and chief executive officer of TNK-BP. TNK-BP is a joint venture between BP and Russian partners. It is Russia’s third largest oil and gas company.

Mr Dudley was born in 1955.

Resolution 10
Mr D J Flint

*Proposal for re-election*
Mr Flint continues to demonstrate a breadth of business experience against a strong financial background, particularly in the work of the audit committee. Having satisfied itself of Mr Flint’s independence, the board recommends his re-election as a non-executive director.

Douglas Flint was appointed to the board of BP as a non-executive director in 2005. He is a member of the chairman’s and the audit committees.

Resolution 17
Mr P D Sutherland

Proposal for re-election
As chairman, Mr Sutherland has been central to the work of the board, its relations with shareholders and its strong relationship with Tony Hayward and his executive team. Mr Sutherland’s performance was evaluated by other members of the chairman’s committee. The board has confirmed its full support for Mr Sutherland in his role as chairman. The board recommends his re-election as a non-executive director.

Mr Sutherland was born in 1946 and was awarded an honorary knighthood in 2004.

Notes to resolution 18
Reappointment of auditors

The appointment of Ernst & Young LLP as auditors of the company terminates at the conclusion of the annual general meeting. They have indicated their willingness to stand for re-election as auditors of the company until the conclusion of the annual general meeting in 2010. The directors recommend their reappointment and seek authority to fix their remuneration. Further details regarding the auditors can be found in the board performance report on pages 69-76 of BP Annual Report and Accounts 2008.

Notes to resolution 19
Share buyback

Authority is sought to purchase up to 10% of the ordinary issued share capital of the company during the period stated below, continuing the authority granted by the shareholders at previous annual general meetings.

Resolution 19 specifies the maximum number of shares that may be purchased and the minimum and maximum prices at which they may be bought. The directors will exercise this authority only when to do so would be in the best interests of shareholders generally. The authority will expire at the conclusion of the annual general meeting in 2010 or 15 July 2010, whichever is the earlier. Shares which are purchased by the company must either be cancelled or held in treasury. Treasury shares are shares in the company that are owned by the company itself. Once shares are held in treasury, the directors may dispose of them in accordance with the relevant legislation by:

a. selling the shares (or any of them) for cash;
b. transferring the shares (or any of them) for the purposes of or pursuant to an employees’ share scheme; or
c. cancelling the shares (or any of them).

It is the company’s current intention that, of the shares repurchased under this authority, sufficient shares will be held in treasury to meet the requirements as they arise of the company’s share incentive arrangements, with the remainder being cancelled.

Under the authority granted by shareholders, the company repurchased 158,168,781 shares in the period from the last annual general meeting to 31 December 2008.

For information, as at 18 February 2009, there were options outstanding over 323 million ordinary shares, representing 1.73% of the company’s ordinary issued share capital (excluding treasury shares). If the authority given by resolution 19 were to be fully used, these would then represent 1.91% of the company’s ordinary issued share capital (excluding treasury shares). The company has no warrants in issue in relation to its shares.
Notes to resolutions 20 and 21

Directors’ authority to allot shares

The Articles permit the directors to allot shares and other securities, in accordance with Section 80 of the Companies Act 1985, up to an amount authorized by the shareholders in general meeting. At this annual general meeting, the directors are seeking authority to allot shares up to a maximum of $1,561 million. This is the “Section 80 Amount” and is equal to 33.3% of the company’s issued share capital (excluding treasury shares) as at 18 February 2009.

The directors are also seeking authority to allot shares for cash and to dispose of treasury shares, other than by way of a rights issue, up to a maximum of $234 million, without having to offer such shares to existing shareholders. This is the “Section 89 Amount” and is equal to 5% of the company’s issued share capital (excluding treasury shares) as at 18 February 2009.

The directors have no present intention of exercising the authorities beyond their use in connection with the disposal of treasury shares in accordance with the relevant legislation.

As at 24 February 2009, the company held 1,885,538,415 treasury shares, which represents 10.06% of the company’s issued ordinary share capital (excluding treasury shares).

The Companies Act 1985 provides that a company may not hold treasury shares in excess of 10% of the nominal value of its issued ordinary share capital (including treasury shares). On this basis, the company holds treasury shares equal to 9.09% of its issued ordinary share capital, which is within the Companies Act requirement. This percentage figure (9.09%) under the Companies Act requirement differs from that previously referred to (10.06%), which is disclosed in compliance with the Listing Rules. This difference arises because the calculation of treasury shares under the relevant provision of the Companies Act requires the inclusion of treasury shares as part of the issued ordinary share capital while the calculation under the Listing Rules requires that treasury shares be excluded.

The authorities sought by resolutions 20 and 21 are similar to authorities granted at the last annual general meeting, which expire at the conclusion of this year’s annual general meeting. The extent of the authorities follows the guidelines issued by institutional investors.

The authorities will expire on the date of the annual general meeting in 2010 or 15 July 2010, whichever is the earlier.

Notes to resolution 22

Notice of general meetings

Currently the Companies Act 2006 enables listed companies to call a general meeting (other than an annual general meeting) on 14 clear days’ notice. However, the EU Shareholder Rights Directive (the ‘Directive’) requires that listed companies call such general meetings on at least 21 clear days’ notice unless the company:

a. has obtained shareholder approval for the holding of general meetings on 14 clear days’ notice by passing an appropriate resolution at an annual general meeting; and

b. offers the facility for shareholders to vote by electronic means accessible to all shareholders.

As the Directive must be implemented into UK law by 3 August 2009, shareholders are being asked to approve resolution 22 to enable the company to continue to enjoy the shorter notice period for calling such general meetings as permitted by the Act.

Due to the requirements of the Directive, this resolution is only valid up to the next annual general meeting of the company and so will need to be renewed at each following annual general meeting. In addition, as the Directive requires that this resolution be passed by a two-thirds majority, the resolution is being proposed as a special resolution. It should be noted that the Government has not yet confirmed how companies should satisfy the requirement of offering the facility for shareholders to vote by electronic means accessible to all shareholders. Consequently if the company does not satisfy the Government’s eventual requirements, then notwithstanding the passing of resolution 22 at this year’s AGM, the company will not be able to rely on the shorter notice period for calling general meetings. The Government has confirmed that this issue does not need to be resolved at this stage for an enabling resolution to be passed.

In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings. The company may treat a CREST Proxy Instruction as invalid in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

Voting instructions must be received by the Depositary by 11.59 p.m. EST on 12 April 2009 for electronic instructions and by noon EST on 13 April 2009 for voting cards. If your directions are not received by the appointed times for transmission to the Plan trustee, the trustee is authorized to vote the ADSs allocable to you under the Plan at its sole discretion.

Indirect investors

Following the implementation of the Companies Act 2006, there are a number of rights that may now be available to indirect investors of BP, including the right to be nominated by the registered holder to receive general shareholder communications direct from the company.

The rights of indirect investors who have been nominated to receive communications from the company in accordance with section 146 of the Act (‘nominated persons’) do not include the right to appoint a proxy. However, nominated persons may have a right under an agreement with the registered shareholder, who holds the shares on their behalf, to be appointed (or to have someone else appointed) as a proxy. Alternatively, if nominated persons do not have such a right or do not wish to exercise it, they may have a right under such an agreement to give instructions to the person holding the shares as to the exercise of voting rights.

If you have been so nominated to receive general shareholder communications direct from BP, it is important to remember that your main contact in terms of your investment remains with the registered shareholder or custodian or broker, or whoever administers the investment on your behalf. You should also deal with them in relation to any rights that you may have under agreements with them to be appointed as a proxy and to attend, participate in and vote at the meeting, as described above.

Any changes or queries relating to your personal details and holding (including any administration thereof) must continue to be directed to your existing contact at your investment manager or custodian. BP cannot guarantee dealing with matters that are directed to us in error. The only exception to this is where BP is exercising one of its powers under the Act and writes to you directly for a response.
