ANNUAL REPORT AND FINANCIAL STATEMENTS 2019

Board of Directors:  Sir Ian Prosser (Chairman)
PG Appleby
GP Cook
EL Delaney-McKnight
C S Gillam
JC Lyons
PJ Mather
BJS Mathews
AJ Walker
The Law Debenture Pension Trust Corporation p.l.c.

The directors present the strategic report, their report and the audited financial statements for the year ended 31 December 2019.

STRATEGIC REPORT

Results

The profit for the year after taxation was £7,000 which, when added to the retained profit brought forward at 1 January 2019 of £Nil, gives a total retained profit carried forward at 31 December 2019 of £7,000.

Principal activity and review of the business

BP Pension Trustees Limited (the company) acts as Trustee of the BP Pension Fund (the Fund).

The company, as Trustee of the Fund, acts in accordance with the Trust Deed and Rules as amended and restated (governing documentation) and administers the Fund in order to provide members of the Fund and their beneficiaries with the benefits which BP p.l.c. has determined to provide to and/or in respect of them, as set out in the governing documentation. The current Trust Deed for the Fund is dated 31 July 2017.

During the year, the only activity performed by the company was acting as Trustee of the Fund. All expenses incurred by the company, except interest charged on the Internal Finance Account (IFA) with BP International Limited (refer Note 10 and 11) were subsequently on-charged to the Fund.

The key financial and other performance indicators during the year were as follows:

<table>
<thead>
<tr>
<th></th>
<th>2019</th>
<th>2018</th>
<th>Variance</th>
</tr>
</thead>
<tbody>
<tr>
<td>Profit / result for the year</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td>£000</td>
<td>£000</td>
<td>%</td>
</tr>
<tr>
<td>Total equity</td>
<td>52,007</td>
<td>52,000</td>
<td>—</td>
</tr>
</tbody>
</table>

Profit for the year primarily consisted of interest receivable on the IFA held with BP International Limited.
Section 172 (1) statement

In governing the company on behalf of its shareholders and discharging their duties under section 172, the board has had regard to the factors set out in section 172 (see below) and other factors which the board considers appropriate.

Section 172 factors

Section 172 requires directors to have regard to the following in performing their duties, and as part of the process are required to consider, where relevant:

a. The likely long-term consequences of the decision.
b. The interests of the company’s employees.
c. The need to foster the company’s business relationships with suppliers, customers and others.
d. The impact of the company’s operations on the community and the environment.
e. The desire to maintain the company’s reputation for high standards of business conduct.
f. The need to act fairly between members of the company.

To support the directors in the discharge of their duties, and whilst making a decision on behalf of the company, the directors have access to functional assurance support to identify matters which may have an impact on the proposed decision including, where relevant, section 172 factors as outlined above.

The principal decisions taken by the directors during the year included matters relating to the funding and investment strategy, including agreeing the Trustee’s responsible investment policy and revisions of statements of investment principles for the defined benefit and defined contribution sections of the Fund. The relevant factors taken into account during the decision making process, in furtherance of the company’s purpose, were to act in accordance with the Trust Deed and Rules and in the best interests of the Fund and its members taking into account the interests of other stakeholders such as its sponsor, BP p.l.c.

Principal risks and uncertainties

The risks described below should be carefully considered. The potential impact of the occurrence or reoccurrence of any of the risks described below could have a material adverse effect on the company’s ability to fulfil its obligations as Trustee of the Fund.

The company's risks arise from its legal and regulatory responsibilities as Trustee of the Fund and its duty, as Trustee, to act in the best interests of the members and the beneficiaries of the Fund. The Board has developed a risk framework consistent with the BP group model to assist in the identification, monitoring and management of risk. Risk management is integrated into the process of planning and performance management. Accountability for managing these risks falls to the directors.

A principal risk to the Fund relates to the financial ability of BP p.l.c., acting on behalf of itself and the other BP companies participating in the Fund, to make contributions to the Fund in accordance with the obligations set out in the Trust Deed and Rules and in accordance with legislation. Group risks for BP p.l.c. are described in the BP p.l.c. Annual Report and Form 20-F 2019 and are categorized against the following areas: strategic and commercial; compliance and control; and safety and operational.

Other risks to the Fund have been identified and categorized in the risk framework. These include impairment of assets and income; the ability to respond to extreme events and changes in the operational environment; reliance upon systems, key persons and third parties; and error and fraud risks.

The Board of Directors has developed and adopted a covenant monitoring policy and an associated monitoring 'dashboard' against which risks to the sponsoring employer's financial covenants can be assessed on a quarterly basis. The Board monitored covenant risk as part of the key risks review at each Board meeting in 2019.
STRATEGIC REPORT

Strategic and commercial risks

Geopolitical
BP Group is exposed to a range of political developments and consequent changes to the operating and regulatory environment may disrupt or curtail the group's operations or development activities. These may in turn cause production to decline, limit the group's ability to pursue new opportunities, affect the recoverability of their assets or cause them to incur additional costs. Political developments may include international sanctions, expropriation or nationalization of property, civil strife, strikes, insurrections, acts of terrorism or war and public health situations (including an outbreak of an epidemic or pandemic).

The impact of the UK’s exit from the EU
Following the referendum in 2016 and continuing on from the UK's departure from the EU, the Trustee has been assessing the potential impact on the Fund of Brexit and the UK’s future global relationships. The Trustee has been considering different outcomes but does not believe any of these outcomes pose a significant risk to the Fund.

Insurance
The BP group’s insurance strategy could expose the BP group to material uninsured losses which in turn could adversely affect the company.

Compliance and control risks

Ethical misconduct and non-compliance
Ethical misconduct or breaches of applicable laws by the company’s businesses or its employees could be damaging to its reputation, and could result in litigation, regulatory action and penalties.

Reporting
Failure to accurately report the company’s data could lead to regulatory action, legal liability and reputational damage.

Directors' indemnity

The company indemnifies the directors in its Articles of Association to the extent allowed under section 232 of the Companies Act 2006. Such qualifying third party indemnity provisions for the benefit of the company’s directors remain in force at the date of this report.

Dividends

The company has not declared any dividends during the year (2018 £Nil). The directors do not propose the payment of a dividend.

Post balance sheet event

Since 31 December 2019, oil and gas prices have fallen sharply in large part due to the impact of the international spread of COVID-19 (Coronavirus) and geopolitical factors. The impact of COVID-19 and the current economic environment on the basis of preparation of these financial statements has been considered. The directors continue to consider it appropriate to adopt the going concern basis of accounting in preparing the financial statements. Further details are provided under Going Concern below. This is a non-adjusting event for the financial statements for the period ending 31 December 2019.

Going concern

The directors have assessed the prospects of the company over a period of at least 12 months. The directors have considered expectations of the position and performance of the company over this period, taking account of its short-term and longer-range plans. Taking into account the company’s current position and its principal risks on pages 2-3, the directors have a reasonable expectation that the company will be able to continue in operation and meet its liabilities as they fall due over at least the next 12 months.

Since 31 December 2019, oil and gas prices have fallen sharply in large part due to the impact of the international spread of COVID-19 (Coronavirus) and geopolitical factors. The impact of COVID-19 and the current economic environment on the basis of preparation of these financial statements has been considered.

The company, as Trustee of the Fund, recharges all expenses incurred, except interest charged on the IFA, to the Fund without mark-up. The Fund is established under trust law and its assets are legally separate from the BP Group. Under the terms of the Trust Deed between the company and BP p.l.c. dated 31 July 2017, the company is entitled to pay its expenses out of the assets of the Fund under its control.
**DIRECTORS' REPORT**

## Going concern (continued)

Liquidity and financing is managed within BP under pooled group-wide arrangements which include the company. As part of assuring the going concern basis of preparation for the company, the ability and intent of the BP group to support the company, and the Fund, has been taken into consideration. The BP group financial statements continue to be prepared on a going concern basis. Forecast liquidity extending at least twelve months from the date of approval of these financial statements has been assessed at a group level under a number of stressed scenarios and a reverse stress test performed to support the group’s going concern assertion. In addition, group management of BP have confirmed that the existing intra-group funding and liquidity arrangements as currently constituted are expected to continue for the foreseeable future, being no less than twelve months from the approval of these financial statements.

In assessing the prospects of BP Pension Trustees Limited, the directors noted that such assessment is subject to a degree of uncertainty that can be expected to increase looking out over time and, accordingly, that future outcomes cannot be guaranteed or predicted with certainty.

Having a reasonable expectation that the company has adequate resources to continue in operational existence for at least the next 12 months from the date these financial statements were approved, the directors consider it appropriate to continue to adopt the going concern basis of accounting in preparing the financial statements.

### Future developments

The company acts as Trustee of the Fund and all costs incurred by the company, except interest charged on the IFA, are subsequently on-charged to the Fund. The directors believe that the company is in a good position to take advantage of any opportunities which may arise in the future.

It is the intention of the directors that the business of the company will continue for the foreseeable future.
DIRECTORS’ REPORT

Directors’ statement as to the disclosure of information to the auditor

The directors who were members of the board at the time of approving the directors’ report are listed on page 1. Having made enquiries of fellow directors and of the company’s auditor, each of these directors confirms that:

• To the best of each director’s knowledge and belief, there is no information relevant to the preparation of the auditor's report of which the company’s auditor is unaware; and

• Each director has taken all the steps a director might reasonably be expected to have taken to be aware of relevant audit information and to establish that the company’s auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with s418 of the Companies Act 2006.

STATEMENT OF DIRECTORS’ RESPONSIBILITIES IN RESPECT
OF THE FINANCIAL STATEMENTS

BP PENSION TRUSTEES LIMITED

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable UK law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law) including Financial Reporting Standard 101 ‘Reduced Disclosure Framework’. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the profit or loss for that period. In preparing these financial statements, the directors are required to:

• select suitable accounting policies and then apply them consistently;
• make judgements and estimates that are reasonable and prudent;
• state whether applicable United Kingdom accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
• prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company’s transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors confirm that they have complied with these requirements. Details of the directors' assessment of going concern are provided in the directors' report.
INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF BP PENSION TRUSTEES LIMITED

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of BP Pension Trustees Limited (the company):

- give a true and fair view of the state of the company’s affairs as at 31 December 2019 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 101 “Reduced Disclosure Framework”; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the profit and loss account;
- the statement of comprehensive income;
- the balance sheet;
- the statement of changes in equity; and
- the related notes 1 to 16.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 “Reduced Disclosure Framework” (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor’s responsibilities for the audit of the financial statements section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the ‘FRC’s’) Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are required by ISAs (UK) to report in respect of the following matters where:

- the directors’ use of the going concern basis of accounting in preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company’s ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorized for issue.

We have nothing to report in respect of these matters.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor’s report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in respect of these matters.
INDEPENDENT AUDITOR’S REPORT

Responsibilities of directors
As explained more fully in the statement of directors’ responsibilities, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor’s responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC’s website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor’s report.

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006
In our opinion, based on the work undertaken in the course of the audit:
• the information given in the strategic report and the directors’ report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
• the strategic report and the directors’ report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors’ report.

Matters on which we are required to report by exception
Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:
• adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
• the financial statements are not in agreement with the accounting records and returns; or
• certain disclosures of directors’ remuneration specified by law are not made; or
• we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report
This report is made solely to the company’s members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company’s members those matters we are required to state to them in an auditor’s report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company’s members as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2019

BP PENSION TRUSTEES LIMITED

The financial statements of BP Pension Trustees Limited for the year ended 31 December 2019 were approved by the board of directors on 16 July 2020 and the balance sheet was signed on the board’s behalf by Sir Ian Prosser. BP Pension Trustees Limited is a private company, limited by shares incorporated, domiciled and registered in England and Wales (Registered number 00230748). The company's registered office is at Chertsey Road, Sunbury on Thames, Middlesex, TW16 7BP. These financial statements were prepared in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' (FRS 101) and the provisions of the Companies Act 2006.

2. Significant accounting policies, judgements, estimates and assumptions

The significant accounting policies and critical accounting judgements, estimates and assumptions of the company are set out below:

Basis of preparation

These financial statements have been prepared in accordance with FRS 101. The financial statements have been prepared under the historical cost convention. Historical cost is generally based on the fair value of the consideration given in exchange for the assets.

The accounting policies that follow have been consistently applied to all years presented, except where otherwise indicated.

These financial statements are separate financial statements. The company has taken advantage of the exemption under s400 of the Companies Act 2006 not to prepare consolidated financial statements, because it is included in the group financial statements of BP p.l.c. Details of the parent in whose consolidated financial statements the company is included are shown in Note 16 to the financial statements.

As permitted by FRS 101, the company has taken advantage of the disclosure exemptions available under that standard in relation to:

(a) the requirements of IFRS 7 Financial Instruments: Disclosures
(b) the requirements of paragraphs 91 – 99 of IFRS 13 Fair Value Measurement
(c) the requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134 to 136 of IAS 1 Presentation of Financial Statements
(d) the requirement in paragraph 38 of IAS 1 Presentation of Financial Statements to present comparative information in respect of paragraph 79(a)(iv) of IAS 1
(e) the requirements of IAS 7 Statement of Cash Flows
(f) the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors in relation to standards not yet effective
(g) the requirements of paragraph 17 and 18A of IAS 24 Related Party Disclosures
(h) the requirements of IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member
(i) the requirements of paragraphs 130(f)(ii), 130(f)(iii), 134(d) to 134(f) and 135(c)-135(e) of IAS 36, Impairment of Assets
(j) the requirement of the second sentence of paragraph 110 and paragraphs 113(a), 114, 115, 118, 119(a) to (c), 120 to 127 and 129 of IFRS 15 Revenue from Contracts with Customers.
2. Significant accounting policies, judgements, estimates and assumptions (continued)

Basis of preparation (continued)

Where required, equivalent disclosures are given in the group financial statements of BP p.l.c. The group financial statements of BP p.l.c. are available to the public and can be obtained as set out in Note 16.

The financial statements are presented in GBP sterling and all values are rounded to the nearest thousand pounds (£000), except where otherwise indicated.

Significant accounting policies: use of judgements, estimates and assumptions

Inherent in the application of many of the accounting policies used in preparing the financial statements is the need for management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual outcomes could differ from the estimates and assumptions used. The accounting judgements and estimates that have a significant impact on the results of the company are set out within the boxed text below, and should be read in conjunction with the information provided in the Notes to the financial statements.

Significant accounting policies

Going concern

At 31 December 2019 the company’s balance sheet had net current liabilities amounting to £93,000.

The directors consider it appropriate to prepare the financial statements on a going concern basis as, despite the uncertainties deriving from the current economic environment, the company is in an overall net assets position and therefore will be able to meet its liabilities as they fall due for at least the next 12 months from the date these financial statements were approved.

For further detail on the directors’ going concern assessment, please refer to the directors’ report.

Foreign currency

The functional and presentation currency of the financial statements is GBP sterling. The functional currency is the currency of the primary economic environment in which an entity operates and is normally the currency in which the entity primarily generates and expends cash.

Transactions in foreign currencies are initially recorded in the functional currency by applying the rate of exchange ruling at the date of the transaction. Where this is not practical and exchange rates do not fluctuate materially the average rate has been used. Monetary assets and liabilities denominated in foreign currencies are retranslated into the functional currency at the spot exchange on the balance sheet date. Any resulting exchange differences are included in the profit and loss account, unless hedge accounting is applied. Non-monetary assets and liabilities, other than those measured at fair value, are not retranslated subsequent to initial recognition.

Investments

Fixed asset investment in subsidiaries are held at cost. The company assesses investments for an impairment indicator annually. If any such indication of possible impairment exists, the company makes an estimate of the investment’s recoverable amount. Where the carrying amount of an investment exceeds its recoverable amount, the investment is considered impaired and is written down to its recoverable amount.
NOTES TO THE FINANCIAL STATEMENTS

2. Significant accounting policies, judgements, estimates and assumptions (continued)

Investments (continued)

Where these circumstances have reversed, the impairment previously made is reversed to the extent of the original cost of the investment.

Significant judgements and estimates: impairment of investments

Determination as to whether, and how much, an investment is impaired involves management estimates on highly uncertain matters such as the effects of inflation and deflation on operating expenses and discount rates.

Management judgement is required to determine whether an indicator of potential impairment exists in relation to the company’s investments. No such indicators have been identified during the current year and therefore no impairment test has needed to be performed. Accordingly, the recoverable amount of the investment has not needed to be estimated, nor any assumptions made, and no sensitivity analysis has been required. Details of the carrying value of the investments are provided in Note 9.

Financial assets

Financial assets are recognized initially at fair value, normally being the transaction price. In the case of financial assets not at fair value through profit or loss, directly attributable transaction costs are also included. The subsequent measurement of financial assets depends on their classification, as set out below. The company derecognizes financial assets when the contractual rights to the cash flows expire or the rights to receive cash flows have been transferred to a third party along with either substantially all of the risks and rewards or control of the asset. This includes the derecognition of receivables for which discounting arrangements are entered into.

The company classifies its financial assets as measured at amortized cost or fair value through profit or loss. The classification depends on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Financial assets measured at amortized cost

Financial assets are classified as measured at amortized cost when they are held in a business model the objective of which is to collect contractual cash flows and the contractual cash flows represent solely payments of principal and interest. Such assets are carried at amortized cost. This category of financial assets includes trade and other receivables.

Impairment of financial assets measured at amortized cost

The company assesses on a forward-looking basis the expected credit losses associated with financial assets classified as measured at amortized cost at each balance sheet date. Expected credit losses are measured based on the maximum contractual period over which the company is exposed to credit risk. As lifetime expected credit losses are recognized for trade receivables and the tenor of substantially all of other in-scope financial assets is less than 12 months there is no significant difference between the measurement of 12-month and lifetime expected credit losses for the company. The measurement of expected credit losses is a function of the probability of default, loss given default and exposure at default. The expected credit loss is estimated as the difference between the asset's carrying amount and the present value of the future cash flows the company expects to receive, discounted at the financial asset's original effective interest rate. The carrying amount of the asset is adjusted, with the amount of the impairment gain or loss recognized in the profit and loss account.
2. Significant accounting policies, judgements, estimates and assumptions (continued)

Impairment of financial assets measured at amortized cost (continued)

A financial asset or group of financial assets classified as measured at amortized cost is considered to be credit-impaired if there is reasonable and supportable evidence that one or more events that have a detrimental impact on the estimated future cash flows of the financial asset (or group of financial assets) have occurred. Financial assets are written off where the company has no reasonable expectation of recovering amounts due.

Financial liabilities

The measurement of financial liabilities is as follows:

Financial liabilities measured at amortized cost

Financial liabilities are initially recognized at fair value, net of directly attributable transaction costs. For interest-bearing loans and borrowings this is typically equivalent to the fair value of the proceeds received net of issue costs associated with the borrowing.

After initial recognition, these financial liabilities are subsequently measured at amortized cost. This category of financial liabilities includes trade and other payables and finance debt.

Offsetting of financial assets and liabilities

Financial assets and liabilities are presented gross in the balance sheet unless both of the following criteria are met: the company currently has a legally enforceable right to set off the recognized amounts; and the company intends to either settle on a net basis or realize the asset and settle the liability simultaneously. If both of the criteria are met, the amounts are set off and presented net. A right of set off is the company’s legal right to settle an amount payable to a creditor by applying against it an amount receivable from the same counterparty. The relevant legal jurisdiction and laws applicable to the relationships between the parties are considered when assessing whether a current legally enforceable right to set off exists.

Taxation

Income tax is recognized in the profit and loss account, except to the extent that it relates to items recognized in other comprehensive income or directly in equity, in which case the related tax is recognized in other comprehensive income or directly in equity.

Current tax is based on the taxable profit for the period. Taxable profit differs from net profit as reported in the profit and loss account because it is determined in accordance with the rules established by the applicable taxation authorities. It therefore excludes items of income or expense that are taxable or deductible in other periods as well as items that are never taxable or deductible. The company’s liability for current tax is calculated using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Where tax treatments are uncertain, if it is considered probable that a taxation authority will accept the company's proposed tax treatment, income taxes are recognized consistent with the company's income tax filings. If it is not considered probable, the uncertainty is reflected within the carrying amount of the applicable tax asset or liability using either the most likely amount or an expected value, depending on which method better predicts the resolution of the uncertainty.

Turnover

Turnover arising from the rendering of services is recognized when the turnover can be reliably measured.

Turnover is derived from the Fund and is measured at the fair value of the consideration received or receivable and represents amounts receivable for services provided in the normal course of business.
NOTES TO THE FINANCIAL STATEMENTS

2. Significant accounting policies, judgements, estimates and assumptions (continued)

Interest income

Interest income is recognized as the interest accrues.

Finance costs

All finance costs are recognized in the profit and loss account in the period in which they are incurred.

Impact of new International Financial Reporting Standards

The company adopted IFRS 16 ‘Leases’, which replaced IAS 17 ‘Leases’ and IFRIC 4 ‘Determining whether an arrangement contains a lease’, with effect from 1 January 2019. There are no other new or amended standards or interpretations adopted during the year that have a significant impact on the financial statements.

The adoption of IFRS 16 has had no material impact on the company’s financial statements.

3. Turnover

Turnover, which is stated net of value added tax, represents expenses incurred by the company which are charged to the Fund without markup, all of which falls within the UK geographical area. An analysis of the company’s turnover is as follows:

<table>
<thead>
<tr>
<th></th>
<th>2019</th>
<th>2018</th>
</tr>
</thead>
<tbody>
<tr>
<td>Rendering of services</td>
<td>21,774</td>
<td>20,327</td>
</tr>
</tbody>

Change in corporation tax rate

A reduction in the UK corporation tax rate from 19% to 17% (effective 1 April 2020) was substantively enacted on 6 September 2016, and the UK deferred tax asset/(liability) as at 31 December 2019 has been calculated based on this rate. The March 2020 Budget announced that a rate of 19% would continue to apply with effect from 1 April 2020, and this change was substantively enacted on 17 March 2020.

8. Directors and employees

(a) Remuneration of directors

A number of directors are senior executives of the BP p.l.c. Group and received no remuneration for qualifying services to this company or its subsidiary undertakings.

The following details relate to the directors who received remuneration for their qualifying services to the company and so are in scope for this disclosure. The emoluments themselves are met by the Fund.

<table>
<thead>
<tr>
<th></th>
<th>2019</th>
<th>2018</th>

</thead>
<tbody>
<tr>
<td>Total emoluments for all directors</td>
<td>304</td>
<td>326</td>
</tr>
<tr>
<td>Total emoluments for highest paid director</td>
<td>100</td>
<td>107</td>
</tr>
</tbody>
</table>

Of the total emoluments, the aggregate amount of consideration paid to or receivable by third parties for making available the services of any person as a director of the company was £100,000 (2018 £107,000).

None of these directors received non-cash benefits in relation to qualifying services.
8. **Directors and employees (continued)**

Four of these qualifying directors were members of the defined benefit section of the BP Pension Fund at 31 December 2019 (2018 Five).

Of these qualifying directors, the highest paid director received £100,000 (2018 £107,000). The accrued pension of the highest paid director at 31 December 2019 was £Nil (2018 £Nil). The highest paid director received no contributions to a money purchase pension scheme during the year.

None of the qualifying directors exercised share options over BP p.l.c. shares during the year (2018 None).

(b) Employee costs

The company had no employees during the year (2018 None).

9. **Investments**

</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>6,194</strong></td>
<td><strong>6,362</strong></td>
</tr>
</tbody>
</table>

The amounts owed from fellow subsidiaries comprised of a variable rate funding account of £Nil (2018 £585,000), which is repayable on demand. Interest is accrued on a monthly basis based on GBP daily overnight LIBOR. The interest rate at year end was LIBOR minus 11 basis points (2018 LIBOR minus 11 basis points).
NOTES TO THE FINANCIAL STATEMENTS

11. Creditors

Amounts falling due within one year:

<table>
<thead>
<tr>
<th></th>
<th>2019</th>
<th>2018</th>
</tr>
</thead>
<tbody>
<tr>
<td>Trade creditors</td>
<td>£000</td>
<td>£000</td>
</tr>
<tr>
<td>Amounts owed to fellow subsidiaries</td>

<tr>
<td></td>
<td>4,779</td>
<td>4,510</td>
</tr>
<tr>
<td></td>
<td>6,287</td>
<td>6,462</td>
</tr>
</tbody>
</table>

Materially all of the company’s trade payables have payment terms in the range of 30 to 60 days and give rise to operating cash flows.

Included within current amounts payable to fellow subsidiaries is an interest-bearing funding account of £1,316,000 (2018 £Nil) with BP International Limited, with interest being charged based on 1-month GBP LIBOR plus 15 basis points, callable on demand.

12. Called up share capital

Issued and fully paid:

52,000,100 ordinary shares of £1 each for a total nominal value of £52,000,100

<table>
<thead>
<tr>

</table>

13. Reserves

Called up share capital
The balance on the called up share capital account represents the aggregate nominal value of all ordinary shares in issue.

Profit and loss account
The balance held on this reserve is the retained profits of the company.

14. Related party transactions

The company has taken advantage of the exemption contained within paragraphs 8(k) and (j) of FRS 101, and has not disclosed transactions entered into with wholly-owned group companies or key management personnel. There were no other related party transactions in the year.

15. Post balance sheet event

Since 31 December 2019, oil and gas prices have fallen sharply in large part due to the impact of the international spread of COVID-19 (Coronavirus) and geopolitical factors. The impact of COVID-19 and the current economic environment on the basis of preparation of these financial statements has been considered. The directors continue to consider it appropriate to adopt the going concern basis of accounting in preparing the financial statements. This is a non-adjusting event for the financial statements for the period ending 31 December 2019.
16. **Immediate and ultimate controlling parent undertaking**

The immediate parent undertaking is BP p.l.c., a company registered in England and Wales. The ultimate controlling parent undertaking is BP p.l.c., a company registered in England and Wales, which is the parent undertaking of the smallest and largest group to consolidate these financial statements. Copies of the consolidated financial statements of BP p.l.c. can be obtained from its registered address: 1 St James’s Square, London, SW1Y 4PD.
