

BP's Commitment to health, safety, security and environmental (HSSE) performance

Our HSSE goals are simply stated – no accidents, no harm to people and no damage to the environment.

We strive to be a safety leader in our industry, a world-class operator, a good corporate citizen and a great employer.

Nothing is more important to us than the health, safety and security of our workforce and the communities in which we operate, and behaving responsibly towards our shared environment. We must be vigilant, disciplined and always looking out for one another.

We are committed to:

- Complying with applicable laws and company policies and procedures.
- Systematically managing our operating activities and risks.
- Reporting our HSSE performance.
- Learning from internal and external HSSE events.

Everyone who works for BP has a part to play in meeting our HSSE commitment.
