

bp's commitment to **health, safety, security** and **environmental** (HSSE) performance

Our HSSE goals are simply stated – no accidents, no harm to people and no damage to the environment.

Nothing is more important to us than the health, safety and security of our workforce, the communities in which we operate and behaving responsibly towards our shared environment.

We are committed to:

- Systematically managing operating activities and HSSE risks through our Operating Management System (OMS).
- Complying with applicable laws and conforming with our HSSE requirements.
- Reporting our HSSE performance.
- Learning from internal and external HSSE events.

'Safety comes first' as set out in 'Who we are' and is at the heart of everything we do.

'Care for others' guides our behaviours and decision making in our day-to-day work.

Everyone who works for bp has a part to play in meeting our HSSE commitment.

A handwritten signature in black ink, appearing to read 'Murray Auchincloss', is positioned above the printed name.
