

How should I use the Life-Saving Rules?

Toolbox talks and Safety meetings

- › Can we learn from incidents that involved a Life-Saving Rule not being followed?
- › Have we been through the Life-Saving Rules check list?
- › Have we had an incident with this type of activity before?

Pre-job planning

- › Are we doing any work today involving a Life-Saving Rule?
- › How can we follow the Rule from start to finish?
- › What needs to be in place?
- › Is everything in place, and in good working condition?

Risk assessments

- › Have I done all the Life-Saving Rules actions?
- › Is everything as we discussed in the pre-job planning?
- › Are there any Line of Fire hazards or ignition sources we didn't identify?

Observations and walkabouts

- › Do you see anyone performing work where a Life-Saving Rule is relevant?
- › Are they following the Rule?
- › Yes? Great, recognise it!
- › No? Intervene!
- › Have you done your self-verification checks?

Intervention

- › Intervene or stop the work if a Life-Saving Rule is not being followed
- › Post the observation or incident in IRIS (tag to Life-Saving Rule available from Oct 2020)

Post-job reviews

- › Did we take all the actions associated with the Life-Saving Rules?
- › What went well? What didn't go well?
- › Anything to note for the next time we have to this perform task or work in this area?
