Find and Export Transactions

Use the filters or advanced search options to limit the transaction list to a specific date range, account or cost centre etc.

Find Transactions	Transaction Search
Card number, driver name or vehicle registration Account XXXXXXXON LIMITED (0110075580) Image Transaction date from Transaction date to 31/08/2019 Transaction date to Apply a date range Image: Celect Date Range Image: Celect Date Range Image: Advanced Search Options Search Transactions	Your search keywords are automatically matched in any part of the respective fields e.g. searching on 'AAA' returns all transactions with Vehicle Registrations that include those letters. Use the Advanced Search Options to find transactions by Receipt Number, Driver Name, Cost Centre or Product.

Use a combination of filters and Advanced Search Options to limit the transactions to a specific card, driver, vehicle, account, date range, receipt number, cost center or product type.

Click **Search Transactions** to generate the results.

The **Transactions Found** are listed in date order. The list displays:

- + Card Number
- + The Account it relates to
- + Its Receipt number
- + The Location at which the transaction took place
- + Products purchased
- + The Odometer reading
- + And the Purchase amount

Viewing transaction details

Click on the location of the transaction to:

+ View the address at which the transaction took place

Did you know?

Only those transactions that are associated with accounts that you have access to will display in the Transactions Found list. You can check which accounts you have access to by using the dropdown in the top right of the screen.
