Map correct as of December 2025

You could go and go with **bp Ultimate Diesel**

Tests show that removing harmful injector deposits offers a fuel economy benefit of **up to 3.8%.*** Find out more at **bp.co.nz**

*Benefit achieved over time. Fuel economy benefits measured at independent test facilities in a range of trucks, based on the World Transient Vehicle Cycle comparing dirty and clean injectors. Actual benefit may not be attainable for all vehicles, and may vary depending on multiple factors including vehicle age, configuration, on-road duty cycle and payload.
