BP Connect Ravenswood Open for Business

The brand new BP Connect Ravenswood opened its doors to customers at 6am this morning.

BP GM of Retail and Assets Adrian McClellan said "The opening of BP Connect Ravenswood is a reflection of the growth we've seen in the Canterbury area, and we're continuing to make long-term commitments here. This is our 99th BP Connect site and the third BP Connect to have been built in the Canterbury region within the last 12 months.

The new site provides BP customers with four choices of fuel – BP Unleaded 91, BP Premium 95, BP Ultimate 98 and BP Ultimate Diesel. It has a full convenience offer, the latest in carwash technology, and the award-winning Wild Bean Cafe.

"We know our customers have a choice, and it's our priority to provide as many reasons as we can for them to choose BP.

"Customers can also use the BPMe app, which allows customers to pay for their fuel from inside their car, as well as having pre-order their coffee before even arriving at the site – all designed to make the BP experience faster and easier," Mr McClellan said.

BP Connect stores are run as efficiently as possible and use energy efficient LED lighting, recycled heat from refrigeration systems for water heating, recycled water for the carwash and collect re-usable rainwater from the rooftop.

"BP is proud to be part of local communities all over New Zealand and we're also proud to be celebrating our 50 year partnership with Surf Life Saving New Zealand and 25 year partnership with the Young Enterprise Trust this year. These are organisations I'm sure many locals have been involved with and understand the important role they play in the community," said Mr McClellan.
