More instant fuel savings at BP

ALL BP AA SMARTFUEL CUSTOMERS, NO MATTER THEIR VEHICLE SIZE, TO BENEFIT FROM CHANGE

AA Smartfuel customers shopping at BP no longer need to spend \$40 to instantly redeem fuel discounts, BP announced today. This applies to any value of fuel up to a maximum of 50 litres in any one transaction.

This change, effective from Monday September 16, is ideal for those who drive small cars, petrol scooters, motorbikes, or anyone who chooses smaller fill amounts.

For the 2.7million AA Smartfuel cardholders who love to accumulate their fuel discounts to save big later, they can continue to do this at BP, and the minimum spend of \$40 remains.

BP Managing Director Debi Boffa says this is a great win for BP's loyal customers.

"The change we're making to our AA Smartfuel offer will especially make a difference to our customers with smaller vehicles who will now be able to benefit from the daily discounts.

"The beauty of this is that now all our customers can have more choice when buying fuel at BP. Whether you're filling up your SUV or a 50cc scooter, or if you're an accumulator or an instant redeemer, there's a little extra something to gain", she says.

In addition to redeeming discounts at BP, all AA Smartfuel customers continue to have access to savings at more than 1,500 AA Smartfuel village partners to save even more on fuel. So far this year, New Zealanders have redeemed more than \$41million in fuel savings at BP using their AA Smartfuel cards.

AA Smartfuel Managing Director Scott Fitchett also welcomes the new offer from BP.

"We see this as another fantastic step forward in the evolution of the AA Smartfuel programme which offers the best value for Kiwis with the biggest discounts.

"BP has been with us from the beginning and our partnership has gone from strength to strength over the past seven years. We always love when our partners find new ways to reward Kiwis and give them maximum value and choice, and we believe this announcement from BP does exactly that," Scott says.

About BP New Zealand:

BP strives to be a world-class operator, a responsible corporate citizen and a great employer. We have operated in New Zealand since 1946 and we continue to invest heavily in our assets, our infrastructure, our people and the community. We believe in strong, enduring partnerships and we are unique because we have the opportunity to leverage the benefits of global experience whilst remaining a local New Zealand organisation. We currently operate more than 100 BP Connect stores and Wild Bean Cafes in New Zealand. We also have a national network of BP branded independent retailers, distributor partners, truck stops and a terminals and logistics operation. Our wider operations include a leading Castrol lubricants business and an aviation (Air BP) business. Many of our retail sites are owned and operated by Kiwi businesspeople and roughly 3,000 New Zealanders are employed across our wider operations. The key to our success in New Zealand is, and always will be, our people, our customers and the communities in which we operate.

About BP and AA Smartfuel

BP's everyday fuel offer of 6 cents per litre requires a minimum spend of \$40 on fuel to accumulate savings, and no minimum spend to instantly redeem the fuel discount. Discounts are redeemable up to a maximum of 50 litres of any one fuel purchase when a registered AA Smartfuel or AA Membership or card is swiped. Discounts cannot be applied in conjunction with fuel card or discount fuel vouchers. Discounts must be redeemed by the end of the month following the month in which they were awarded. Redeeming a discount uses all discounts accumulated at that time. Discounts cannot be redeemed at un-manned self-service sites. AA Smartfuel terms and conditions apply, see <https://www.aa.co.nz/aasmartfuel/> for more information.
