bpTT community roundup

Investing in culture - bpTT and Cadenza Steel Orchestra

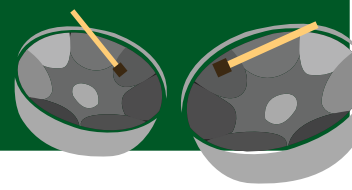

bpTT continues to invest in cultural development in our fenceline community, by supporting the Cadenza Steel Orchestra with new instruments for its players.

The orchestra brings together players from several surrounding communities, including Pierreville, Plaisance, Mafeking, Radix, Grand Lagoon and Ortoire.

This investment will enhance training, elevate performance quality, and make instruments more accessible to youth across the community.

“Steelpan is a powerful expression of who we are as a people. We are not only celebrating excellence in music but also strengthening community connections and creating opportunities for young people to learn, grow and thrive through culture.” - Karissa Bissoon - vice president communications & external affairs, bpTT.

Celebrating mothers

In May, we were honoured to sponsor the Mothers' Day Concert, in partnership with the bp Renegades Steel Orchestra at the President's House, under the patronage of Her Excellency Christine Kangaloo, ORTT, President of the Republic of Trinidad and Tobago.

Since 2023, this event has brought together talent, culture, and community in a meaningful tribute to mothers across the nation. The evening featured captivating performances that showcased the excellence of local musicians, while reinforcing the important role the arts play in inspiring and connecting communities.

Cricket season bowls off in Mayaro

The 2026 AMSF Mayaro Night Cricket Windball League officially bowled off on 16 May, bringing together players, and enthusiastic supporters for an exciting and vibrant start to the season.

This league continues to serve as a key platform for community engagement, youth participation, and the development of sport in Mayaro.

At the opening, we were pleased to have the Honourable Wilfred Nicholas Morris, Minister in The Office of the Prime Minister and Member of Parliament for Mayaro. Also present were bpTT representatives Karissa Bissoon-VP C&EA, Gamali Balkaran-senior C&EA advisor and Matthew Pierre-community liaison officer, who joined Jameson Rigues, AMSF President to mark the occasion. Their presence underscored the importance of sustained investment in community sport and the role it plays in fostering local pride and togetherness.

Supporting youth through sport – bpTT & ASATT

We are committed to investing in youth development through sport, and this year we've supported the Aquatics Sports Association of Trinidad and Tobago's (ASATT) National Primary Schools' Swim Meet.

This year's event was held on Sunday 31 May 2026, at the National Aquatic Centre, Couva, bringing together students from primary schools nationwide to compete at the highest level for their age group.

The meet provided young swimmers with the opportunity to showcase their talent, build confidence and develop discipline through competitive sport, and serves as an important platform for identifying and nurturing emerging talent.

bpTT
brighter prospects
Scholarship Programme

Applications for bpTT's Brighter Prospects Scholarship Programme are now open.

The programme provides financial support to students from bpTT's fenceline communities, to assist with books, supplies and other essential educational expenses throughout their studies. It is designed for high-performing students who demonstrate academic potential, leadership qualities and a commitment to contributing to their communities.

Eligible applicants include students from Mayaro and surrounding areas, who have been accepted into recognized tertiary institutions.

Scan the QR code to apply. Applications close on 4 September 2026.
