

Atlantis

The Atlantis platform is BP's deepest moored floating platform in the Gulf.

Location: 150 miles south of New Orleans

Operator: BP (56%)

Partners: BHP Billiton (44%)

Operates at a water depth of **7,074** feet. That's almost **5x** the height of the Empire State Building.

Main deck area of **161,163** sq ft

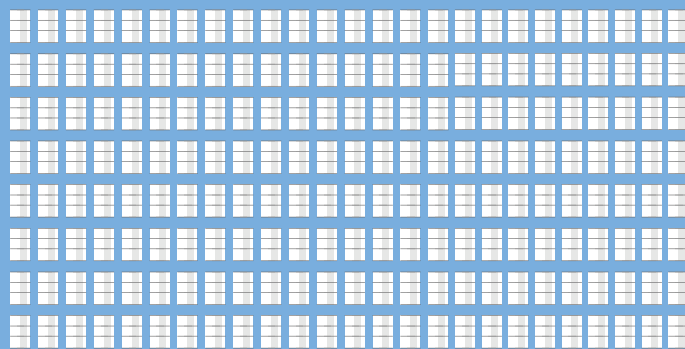

— big enough to hold 2 regulation soccer fields.

Can produce up to **200,000** barrels of oil every day.

 = 1,000

That's enough to fuel **every taxi**

in New York City for more than 2 weeks.

It can also produce up to 180 million cubic feet of gas per day.
