

# Na Kika

One of BP's most prolific producers in the Gulf, the Na Kika platform is a hub for 8 subsea fields, with more than 100 miles of infield flowlines which make up the gathering system.

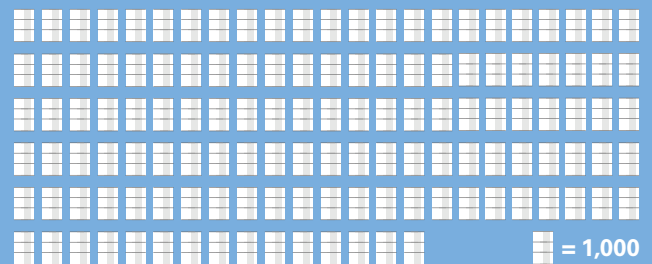

**Location:** 140 miles southeast of New Orleans  
**Operator:** BP (50%)  
**Partners:** Shell (50%)

Operates at a water depth of **6,340** feet. That's **20x** the height of the Statue of Liberty.

Can produce up to **130,000** barrels of oil per day.

Main deck area of **70,225** sq ft **2x** the size of the Roman Colosseum.

That's enough fuel to power a 747 jet **4x** around the earth.

It can also produce up to **550 million** cubic feet of **natural gas** a day.
