

Proposed “fungible” work list

- Landscaping
 - Spreading grass seed or mulch
 - Laying stone or sod
 - Spreading dirt to re-grade property or smooth ruts
 - Planting trees or shrubs
 - Installing fences
 - Mowing and fertilizing
- Civil related
 - Curb or sidewalk replacement
 - Driveway repair or replacement
 - Utility repairs
 - Road and parking lot repairs (asphalt patching, concrete replacement, striping)
 - Janitorial services including temporary toilets
 - Building Preventative maintenance (e.g. HVAC maintenance)
- Vehicles
 - Material Delivery Services
 - Vehicle maintenance
 - Snow removal
- Survey / Inspections
 - Visual inspections
 - Walk-arounds
 - Air monitoring
 - 3D Scan
 - ROW SESC inspection
 - ROW wetland delineation
 - ROW biological surveys
 - On-site construction engineering support
 - Drone flights
- **Exceptions**
 - ROW work – if its clearing contractors or pig tracking – they have to be registered in ISNetworld and will not be considered as Fungible.
 - Traffic controls contractors – they will either be required to be registered in ISNetworld or go through SSHEP vetting according to the Vetting Guidelines, but would not be considered as Fungible.
